

Presentation of the Proposed Undertakings

JSR 2019/20

Process of Developing Undertakings

- 1) During SPR compilation:** the sector identifies thematic areas that require more focus in the next 12 months
- 2) During JSR preparation:** the sector considers the above thematic areas and approves them for discussion at the JSR
- 3) At the JSR:** Thematic areas are discussed at length and draft undertakings suggested

Process of Developing Undertakings cont'd

- 4) **After the JSR:** JSR secretariat in consultation with the relevant sector department for the respective undertaking review the draft undertakings to **edit, smarten, sharpen** and **make ready** for presentation to the Sector Working Group.
- 4) **Upon presentation to the sector working group:** the draft undertakings are again discussed and then formally adopted
- 5) **After the Sector Working Group meeting:** the adopted undertakings are incorporated into the JSR signed minutes and become binding on the sector

Proposed Undertakings

Compliance to Water and Environment Regulations

1. Develop a strategy and a plan for joint action to enforcement and compliance to water and Environment Laws using the Ministry of Water and Environment (MWE) regional structures and Local Governments.
2. Review the Environmental Impact Assessment (EIA) process including approvals, monitoring and enforcing conditions in the EIA certificates

Sanitation

3. Develop a management framework for fecal sludge service chain (including business aspects) by end of FY 2019/20 (continued from last FY)
4. Disseminate the sanitation monitoring indicators, measuring framework and develop an improved MIS system (digital based) by FY 2020/21
5. Develop a national masterplan for improved coverage of “safely managed” sanitation by FY 2019/20

Mainstreaming ENR and Climate Change

No new undertaking is proposed for the ENR sector due to the long process required but instead continue with completion of the current undertaking. However, the following are recommended

6. Finalize the mainstreaming guidelines and support preparation of sector specific mainstreaming guidelines for the 4 remaining high impact sectors
7. Put in place a strategy and action plan for accelerated implementation of the mainstreaming guidelines including capacity building, resource mobilizing and a framework for report

Sector Financing

8. Prepare a study to guide parliament on increased financing of Climate Change interventions including contribution from other MDAs.
9. Prepare at least 4 project proposals for approval to be funded under the Green Climate Fund (GCF) and Adaptation fund by the Ministry and LGs spearheaded by the de-concentrated units focusing on ENR.

Water Supply

10. Comprehensive review to identify the causes of water supply inequity and identify strategies to address them.
11. Develop and document a sustainable financing strategy for the Umbrella Authorities

Humanitarian and Development Response Management of Refugee settlements in host districts

12. Upgrading 13 water schemes in refugee hosting districts and integrating management of existing water supply and sanitation into utility management structures sustainably
13. Restore degraded hotspots within the refugee hosting micro-catchments

The End.
