Today's weather: In the morning, most of the country had clear skies. In the afternoon, sunny intervals turned into isolated thundershowers over the Lake Victoria basin, West Nile, southwestern Uganda, the Elgon region, the Kigezi and Rwenzori ranges, and parts of central Uganda.

Further outlook: Uganda can expect scattered thunderstorms, humid conditions, and moderate rainfall over the next three days due to a low-pressure trough over East Africa and moist south easterly inflows from the Indian Ocean.
